

Grandville Academic Team Boosters

2019-2020

Robotics Program Sponsor Information

Thank you for your interest in supporting Grandville Robotics. Your contribution to the Grandville Academic Team Boosters will support our Grandville Robotics teams. The GATB is recognized as a 501(c)3 public charity, and your contribution is deductible in accordance with IRS regulations.

To donate, please complete this form and return it with your contribution to Grandville Academic Team Boosters, PO Box 265, Grandville, MI 49468.

Please mark specific sponsorship(s) on the back side of this form.

Total Contribution: \$ _____ Team Number (if you are sponsoring a specific team*) _____

Grandville Public Schools will put two millage proposals in front of voters on November 5, 2019. That millage request includes nearly \$7 million in funding to more than double the size of our Robotics and Engineering Center. Grandville is a leader in science and technology education – and in competitive robotics and engineering. Your contribution will help the RoboDawgs continue to maintain a robotics program that is nationally recognized for quality and integrity, where elementary and middle school students aspire to be RoboDawgs, students come to Grandville Public Schools to be part of the program, and colleges recruit RoboDawgs like they do top high school athletes.

* Team sponsorships will help cover the cost of annual team registration, game elements, team shirts, event registration, robot parts, and other costs associated with running that team.

Grandville Academic Team Boosters

2019-2020 Robotics Program Sponsorship Opportunities

Grandville Robotics is among the largest and most successful educational robotics programs in the country. We will provide competitive robotics opportunities for more than 600 students in second through twelfth grades during the 2019-2020 year. Our programs are not pay-to-play, and we provide the same opportunities to every student regardless of which Grandville school they attend or their family's financial situation. Since its formation in 2006, the GATB has raised more than \$2.5 million to support the development of the country's leading educational robotics program. This year, we need to raise more than \$400,000 to continue our tradition of excellence. Sponsors can support our teams in the many ways outlined below, or a custom sponsorship package can be created for any donor. Our standard sponsor opportunities:

Elementary Robotics Sponsorships

- _____ \$_____ General Elementary Robotics Sponsorship
- _____ \$200 Jr FLL Team Named Sponsor (your name on all our team shirts!)
- _____ \$200 FIRST LEGO League Team Sponsor (your name on your team's shirts!)
- _____ \$200 VEX IQ Team Sponsor (your name on your team's shirts!)
- _____ \$500 FIRST Lego League Regional Tournament Sponsor (Event Date: 11/22)
